Horizontal headers (end beams)	Steel, ASTM A36													
Bottom tees	Steel, ASTM A36													
Trolleys, wheels, hook	Manufacturer's standard													
Wire rope or chain	Stainless Steel													
4.03	41 22 23.19	<p>REVISE Paragraph 2.03.D to include the following:</p> <p>3. Hoists utilizing stainless steel chain will also be accepted.</p>												

Responses to plan holder questions:

Question	Response
<p>On plan Mitigation Plan sheet L-101, note 9 mentions providing temporary irrigation for one year. Is the temporary irrigation system (or watering) intended for just the three areas (container planting, live stake planting, lawn area) mentioned on the mitigation plan sheet? Once the secondary clarifier #3 is built there will be seeding and mulching around the perimeter of the clarifier for soil stabilization. Will the temporary irrigation system need to cover this seeded area around the new clarifier?</p>	<p>Temporary irrigation requirements only apply to the areas shown on Drawing L-101</p>
