## **CHAPTER 4 – PROJECT INFORMATION**

### **WORK TO BE DONE**

The Work to be done under this Contract consists of structure, utility and stormwater improvement work of the Dayton Utility Bridge.

### **APPLICABLE SPECIFICATIONS**

The Technical Specifications that are applicable to the Work on this Project are the 2021 edition of the "Oregon Standard Specifications for Construction" except where superseded by City of Dayton Public Works Design Standards.

[https://www.ci.dayton.or.us/page/public\\_works\\_design\\_standards](https://www.ci.dayton.or.us/page/public_works_design_standards)

In the case of conflicts between the text of these design standards and the standard details, the provisions of these design standards, special provisions, plans or any other contract document; the more stringent, as determined by the City Engineer and Public Works Director, shall apply.

All number references in these Special Provisions shall be understood to refer to the Sections and subsections of the Standard Specifications bearing like numbers and to Sections and subsections contained in these Special Provisions in their entirety.

### **CLASS OF PROJECT**

This is a City of Dayton Project.

### **PROJECT CONTACTS**
