Question Number	Reference Existing Contract Page # or Addenda	Question	WSDOT Response
1	Contract Provisions, page 32 and 33	We are reviewing the Koontz Road Bridge project and had a question that we weren't able to find an answer to in the bid docs. The project states that there is a 55-day construction window but doesn't state when the project has to start, or if there is a final completion date set? Saw an area of the spec that stated a Summer construction window, but that was it. Do you have an anticipated start/completion date?	refer to the contract documents - Contract Provisions page 32, lines 30 through 49 and page 33, lines 1 through 3.
