

Q & A

Transit Connection Corridor Project Project Number C2202, CDS0815(007)

Issue Date: April 16, 2026

Bid Closing Date: April 21, 2026, 2 p.m. Pacific Time

QuestCDN Project: eBidDoc Number 10106624

Q. What kind of rebar reinforcement will wall 3 need?

A. Regarding design of the leveling pad and wall panels with rebar, please refer to WSDOT Standard Spec section 6-13 and Special Provisions 6-13.

Additional information, see next page.

The dashed area shown on Sheet S01 is labeled "Wall 3 Reinforced Zone Limits Per Contractor Design" and represents the limits of soil reinforcement zone.
