Due to a clerical error the advertisement was released on August 4, 2026 instead of August 6, 2026. Shortly after the advertisement was released it may have been hidden from some bidders as we tried to stop the early release but later this morning it was released again as it appears that it had been accessed 7 times during the initial release. Not all of the bid reference documents may have been available earlier today but the available bid reference documents are available now.
