**NOTICE TO BIDDERS REGARDING DISADVANTAGED BUSINESS ENTERPRISE (DBE)
INTERIM FINAL RULE IMPLEMENTATION**

The U.S. Department of Transportation (USDOT) issued an Interim Final Rule effective October 3, 2025, modifying the certification, compliance and reporting requirements of the Disadvantaged Business Enterprise program (DBE IFR). The DBE IFR was published in the Federal Register at 90 Fed Reg 47,969 (2025) and is available here: <https://www.transportation.gov/mission/civil-rights/disadvantaged-business-enterprise/DBE-IFR-10-03-2025>.

DBE certification may no longer rely on race or gender solely when determining DBE eligibility and requires the eligibility of all DBE certified firms to be reevaluated on an individualized basis, without reliance on race- or sex-based presumptions of disadvantage. Oregon's Certification Office for Business Inclusion and Diversity (COBID) is the Unified Certification Program (UCP) for the State of Oregon and is responsible for performing the reevaluations and certifications. Until the reevaluation process is completed by COBID, ODOT may not update its overall goal, set any contract DBE goals on federally funded projects or count any DBE participation toward DBE goals.

In accordance with the DBE IFR, the ODOT's DBE requirements applicable to federally funded projects prior to the 10/03/2025 effective date of the rule are no longer in effect and the associated DBE contractual requirements have been suspended, including the following:

- DBE Commitment Requirements and DBE Certification and Utilization Form,
- Oregon Department of Transportation Policy Statement – Disadvantaged Business Enterprise (DBE) Program,
- DBE Supplemental Required Contract Provisions,
- Assigned DBE Goal, and
- Any associated DBE requirements contained within the 2024 Standard Specifications for Construction 00120.10, 00160, 00170 and 00180.
